

## Training Summary

**Name:** Sawyer 401

**Summary:** Proper safety, maintenance, personal protective equipment, and correct technique are critical components of safe chainsaw operation. Certification as a Sawyer 401 requires you to work with the Sawyer Coordinator to develop and maintain all training material, overseeing Sawyer crews and conduct the classroom instruction.

**Upon Completion:** Participant will be certified at the 401 level and able to function as an Instructor. Those certified at the 401 level are authorized to be a sawyer crew leader and observe / train all sawyers both in the classroom and in the field. At this level participants are responsible for working with the Sawyer Coordinator and maintain all training material.
